8 EXPLANATION

9 The inclusion of this explanation does not constitute agreement with
10 the explanation's substance by the members of the general assembly.

11 This bill requires the department of transportation, in
12 consultation with the department of public safety, to establish
13 a certified driver safety education course to be offered
14 throughout the state. A person who successfully completes the
15 driver safety education course shall be issued a certificate.

16 Beginning January 1, 2016, the commissioner of insurance
17 shall require insurers transacting business in this state to
18 provide a 10 percent automobile insurance premium reduction
19 for persons 55 years of age or older who have obtained a
20 driver safety education course certificate within the last
21 three years. The premium reduction may be prorated based on
22 the number of insured drivers under the policy who qualify
23 for the reduction. In addition, the insurer may revoke the
24 premium reduction for a driver who is involved in a motor
25 vehicle accident if the driver committed a violation of the
26 state's motor vehicle laws that was a contributing factor in
27 the accident.

28 The bill authorizes the department of transportation to
29 develop refresher courses which may be taken by a person in
30 lieu of the full driver safety education course in order to
31 continue to qualify for the insurance premium reduction.
